

Markal[®] PRO-LINE HP[®]

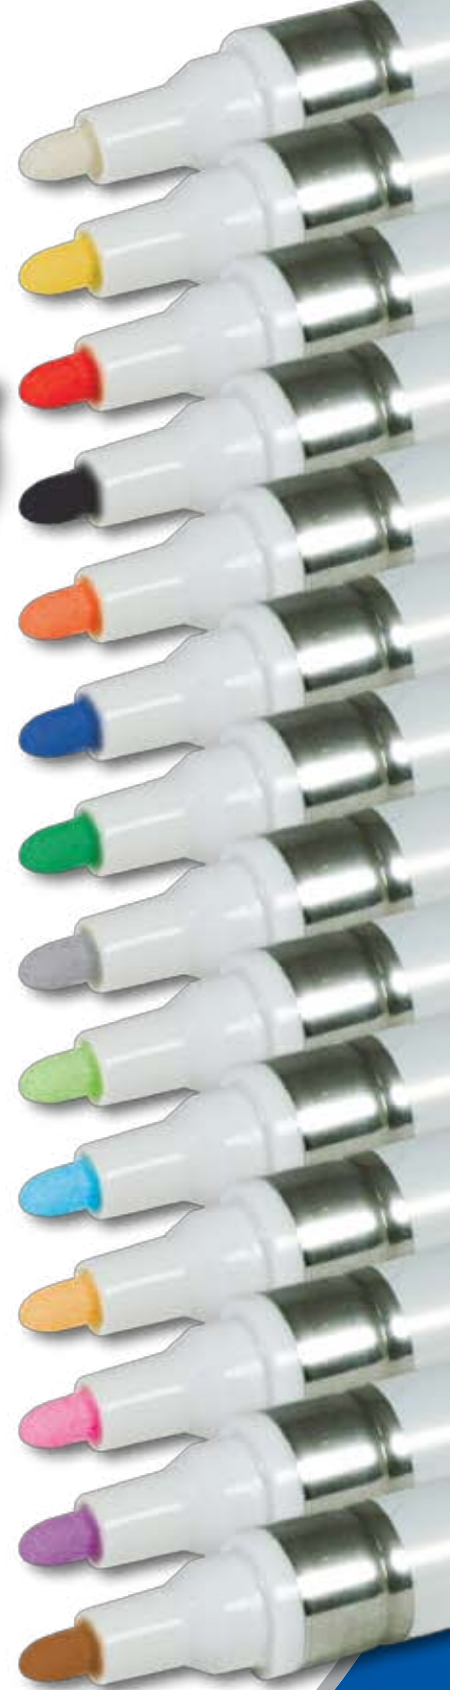

HIGH PERFORMANCE

THE MOST VERSATILE MARKAL[®] PAINT MARKER EVER ...

NOW AVAILABLE IN 14 COLORS

Markal Pro-Line[®] HP is a new concept in paint markers, designed to be both the safest and the most versatile paint marker in the industry. With a faster drying, more durable Xylene-free paint formula, Pro-Line[®] HP writes on more surfaces and in more difficult applications than any other paint marker. With the addition of 6 new colors, Markal's Pro-Line[®] HP now offers 14 colors to satisfy any industrial identification or quality control need.

XYLENE FREE!!!

FEATURES:

- The new, Xylene-free paint does not contain any chemicals listed in California Proposition 65, the EPA HAPS list or the SARA 313 regulations, minimizing employee health, environmental and waste disposal concerns
- Unsurpassed writing capability on oily, soapy or wet surfaces allow use in the most difficult marking applications
- Low in halogenated compounds and sulfur allows use in many stainless steel, nuclear and other corrosion sensitive applications*
- Leaves permanent, durable, highly visible permanent paint marks that dry quickly and resist wearing off or fading
- Excellent marking properties on most types of metals, coatings, plastics, glass, ceramics and almost any other non-porous surfaces
- 3 mm medium bullet tip
- Marking temperature range from -50°F to 150°F
